

THE 2-STEP PASTUREMAX PROGRAM

1 STEP 1 BIOLOGICAL ACTIVATION THE FOUNDATION

BIOMAXIMISER CORE BIOLOGICAL ACTIVATION

+ BIOEARTH SUPPORTING PRODUCT

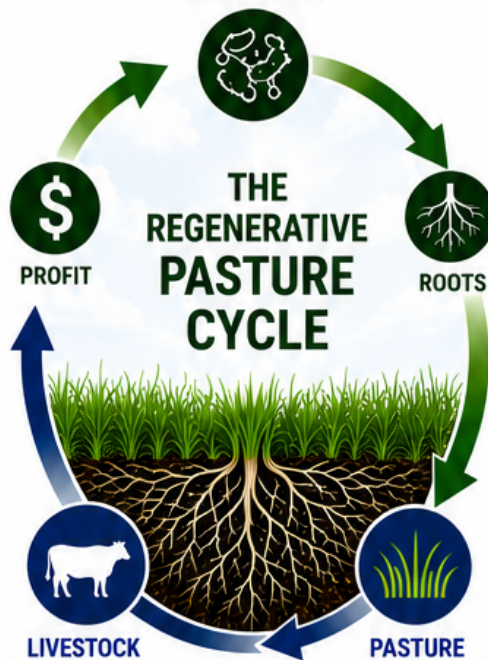

- ✓ Activates and multiplies beneficial soil biology
- ✓ Improves soil structure and water retention
- ✓ Enhances nutrient cycling and carbon utilisation
- ✓ Stronger roots, healthier pasture, long-term regeneration

ROLE: Establish and activate the biological foundation for long-term pasture performance.

SOIL BIOLOGY

*Healthier Soils → More Feed
Heavier Cattle → Better Returns*

2 STEP 2 PERFORMANCE NUTRITION & PLANT METABOLISM MAXIMISE THE RESPONSE

APPLY TOGETHER
5-7 DAYS AFTER STEP 1

BIOPOWER N+ MARINE BIO-STIMULANT NUTRITION

- ✓ Marine nutrition from fish and seaweed
- ✓ Rapid nutrient delivery
- ✓ Enhanced nutrient efficiency
- ✓ Drives explosive pasture growth

CROPBIO LIFE PLANT METABOLISM ACTIVATOR

- ✓ Increases photosynthesis
- ✓ Improves nutrient uptake and utilisation
- ✓ Enhances stress tolerance
- ✓ Maximises conversion of nutrients into plant growth

ROLE: Feed the biology and plants to maximise pasture production and profitability.

BEFORE

- ✗ Low biological activity
- ✗ Shallow root systems
- ✗ Poor nutrient cycling
- ✗ Lower carrying capacity
- ✗ Water stress

AFTER

- ✓ Active soil biology
- ✓ Deep root systems
- ✓ Improved nutrient cycling
- ✓ Higher carrying capacity
- ✓ Improved moisture retention

THE PASTUREMAX PROGRAM SEQUENCE

STEP 1

BioMaximiser
+ BioEarth

Activate soil
biology

WAIT
5-7 DAYS

Biology multiplies
and establishes

STEP 2

BioPower N+
+ CropBioLife

Feed microbes
and plants

RESULT

More roots
More pasture
More livestock
production

DRONE & SATELLITE INTELLIGENCE

- NDVI
Locate low vigour areas
- NDRE
Identify nitrogen deficiency
- THERMAL MAPPING
Identify pressure stress
- VARIABLE RATE APPLICATIONS
Apply biology where it matters most

**RIGHT INPUT.
RIGHT PLACE.
RIGHT TIME.**

**MAXIMUM RESULTS.
MAXIMUM RETURNS.**

PROVEN BENEFITS FOR YOUR BOTTOM LINE

MORE FEED
PER HECTARE

STRONGER
ROOT SYSTEMS

IMPROVED
SOIL BIOLOGY

BETTER WATER
RETENTION

INCREASED
CARRYING
CAPACITY

BETTER
RETURNS

AG FALCON

Compatible with AgFalcon's preferred range of herbicides, fungicides and insecticides.
